

# Argintar Claw Drill Guide Wire/Suture Passer

Designed by Evan Argintar MD

*Expandable claw design allows for minimally invasive,  
reproducible one-step wire/suture passage*

Especially helpful during quad/patella tendon repair surgery and other applications where a suture will be passed—particularly when soft tissue dissection is to be minimized, such as multi-ligament knee reconstruction (MCL/LCL), elbow reconstruction (ULCL/MCL), foot-ankle reconstruction (ATFL), and wrist reconstruction (DRUJ).

PRODUCT NO:
8315-00 [Set: (1) Claw, (1) Wire/Suture Pin]
8315-01 [Claw Unit] Maximum Internal Opening: 2.5" Product Dimensions: 2.5" x 4"
1227 [3/32" (2mm) Pin with Wire/Suture Hole] Overall Length: 6" (15,2cm)
