Lambotte Osteotomes with Handle

Designed with a handle for better control, which helps reduce rotation of the osteotome during use. The handle also provides a larger striking area for use with a mallet. The osteotome shafts are manufactured with stainless steel and are available both straight and curved.

Designed by
J. Cherf, MD

Product No's: 5250-01 [1/4" Straight]
5260-01 [1/4" Curved]

*Handle allows for better control,
reducing rotation during use*
