Innomed, Inc. Trial and Evaluation/Rental Program

Innomed, Inc. offers a **free** two week trial on most instruments except the implant extraction instruments, some patient positioners, and disposable instruments. These exceptions are available for rental on per-case basis. At your request, we will process the evaluation of your choice of eligible instruments that could be delivered as early as next day when processed by 3pm EST. We offer free standard ground shipping on trials to your facility, however your organization is responsible for any expedited shipping, return shipping, and all shipping fees for rental cases.

There is a Trial and Evaluation Agreement that has to be signed and returned with a hard copy of a No Charge Purchase Order Number (for NET30 Customers) before the order can be processed. A Rental Agreement must be signed and returned with a Charge Purchase Order Number (for NET30 Customers). You may receive the device at least one day prior to the surgery date. The two week trial period starts on the day the instruments are received. All rentals must be returned within 5 days after the specified surgery date.

If you have any questions regarding our products, please feel free to call our toll-free number 800-548-2362 or visit our website at www.innomed.net.

We look forward to assisting you.
